

Governance

All schools have a Governing Body that is responsible for determining, monitoring and keeping under review the policies, plans and procedures within which the school operates. The Headteacher is responsible for the day-to-day management of the school and the operation of the curriculum and reports to the Governing Body.

The Governing Body is not directly involved in day-to-day management, but shapes the school via three main roles:

- Providing a strategic view of where the school is heading;
- Acting as a critical friend;
- Holding the school to account for the educational standards it achieves and the quality of education it provides.

The whole Governing body meets regularly, taking reports from the Head Teacher and committees and making sure they are doing everything required of them. Much of the Governors' work is done by committees which meet anywhere from once a month to once a term. Individual governors may meet or speak with the Headteacher more often than that.
